

2022 PRO WAKEBOARD & WAKESURF TOUR RULES

Dated 5-3-2022

GENERAL INFORMATION

The 2022 Pro Wakeboard Tour will be a combination of two live, athlete/media only events and two video submission events. In order to compete in the series you will need to qualify through the qualifying round at PWT #1. The series championship will be awarded to the rider with the highest points from the 4 event series.

The 2022 Pro Wakesurf Tour will be a combination of two live, athlete/media only events, and one video submission event. In order to compete in the series you will need to qualify through PWT #1. This will be held at the first event of the year. The series championship will be awarded to the rider with the highest points from the (3) three event series.

Below are the rules and information regarding the events.

Scope of These Rules - These Rules set forth herein governs the conduct and organization of all PWT Holdings, LLC ("PWT" will be used in the rest of the rules) contests, unless specific changes, addendums and/or exceptions are distributed or communicated by PWT reserves the right to issue changes, addendums and/or exceptions from time to time as it sees fit. It is the responsibility of each Tour Athlete and Official to be familiar with all rules of the (WWA) World Wakeboard Association and PWT rules.

Interpretations - Questions of interpretations, intent, errors, conflicts, or amendments to these Rules are the final responsibility of the Chief Judge and PWT's Director of Operations.

Competition Times/Preparedness - All athletes must sign in with Priscilla Scollin or the score keeper one hour before the posted time for their division. If an athlete is not signed in one hour before the posted start time they can be fined \$150. This money will be a donation to a charity of PWT's choice and must be paid prior to competing in the next event. If a name is forged in the registration book that rider can be disqualified from the event. Any athlete age 18 and over, must sign themselves in, no one else (parent or guardian) may do that. PWT and the chief judge reserve the right to have the final decision on the rider being eligible to ride. PWT reserves the right to change/alter schedule at any time. If you have already signed in, PWT recommends that riders be on site at least one hour before the scheduled start of their division. All riders must be on site and ready to compete 30 minutes before posted start time for their division. Any division can start 30 minutes prior to posted start time.

Athletes and Officials Conduct

Personal Appearances - Tour Athletes and officials shall agree to make appearances arranged for media and national and local sponsors of the Tour.

Dress Code - Tour Athletes and officials shall abide by Tour dress codes at designated Tour functions. Riders agree that the Organizers have the right to control or prohibit advertising material used, worn, or displayed by the rider at the site during the contest. Participant, or the minor for whom a parent or guardian is signing, further understands PWT reserves the right to disqualify Participant and to refuse to allow Participant to compete in the contest for any reason that PWT deems just and proper.

Unsportsmanlike Conduct - Any Athlete or official whose conduct is deemed unsportsmanlike, or who may cause discredit to the Tour, WWA, sponsors, or that person's home country federation, either on or off the contest site during the period of time of the contest may be

fined and/or disqualified, as determined by the Tour Chief Judge, and/or Tour Management. Unsportsmanlike conduct includes, but is not limited to: refusing autographs or interviews, use of vulgar language in public, disrespecting an official, public tantrums, not riding to fullest potential, failure to attend designated functions or events, consuming alcoholic beverages during competition, competing under false pretenses, such as not having signed the Tour contract, concealing significant injuries or health problems. A rider disqualified in this manner would forfeit prize money and all points for that contest. This paragraph shall not be construed to deny or limit any individual's legal rights. All fines shall be paid to PWT. Failure to do so would result in exclusion from any future contests until fine is paid.

<u>Conduct</u>	<u>Fine/Disciplinary Action</u>
Unsportsmanlike conduct	\$100.00 - \$500.00 fine and/or disqualification
No Bib or wrong bib : pre-event or event	\$100.00 and/or disqualification
Unauthorized practice	\$250.00 and/or disqualification
Improper dress	\$100.00
Unauthorized persons on starting dock, announcers stand or Chief Scorer/Chief Judges Workstation	\$100.00

Property Damage and Hotel conduct – Any athlete involved in conduct which may cause damage on site, to hotels and/or any other property damaged by the athlete may be disqualified and/of fined from the tournament. You will be responsible for all damages that occur and will be charged accordingly.

Any athlete involved in conduct at the host hotel, which is deemed unsportsmanlike conduct, may be disqualified and/of fined from the tournament. Tour Management may disqualify athlete from all future tournaments as determined.

Pre-Event Practice On-site - Tour riders shall not ride or practice at any Tour site during the set up days of the PWT unless permission has been granted by Tour Management. Violation of this Rule shall result in a fine or disqualification from that contest.

Use of name/likeness - All riders grant to PWT, the non-exclusive right to use Participant's name or likeness in any photographs, television or motion pictures taken of Participant during the contest week, for the limited purposes of EVENT promotion, broadcast, and news reporting, and this right to use under this sub-paragraph shall terminate on the first day of the year 2022, except for, PWT contracted videographers, or other networks that may continue to rerun broadcasts of contest coverage containing participant's likeness and name.

Safety

Concussion Policy: If the boat crew suspects a rider has a concussion or head injury they will immediately radio for the staff EMT. The staff EMT will evaluate the athlete and determine if they suspect the rider has a concussion. If the EMT suspects a concussion the rider will be removed from competition immediately. If the athlete is a minor the PWT staff will notify the parent or guardian at this time.

PWT recommends that the athlete be evaluated by a health care provider experienced in evaluating for a concussion. The athlete will not be allowed to participate in a PWT event until they provide a written letter from the Healthcare provider giving them clearance to resume participation.

Liability - All Tour Athletes and Officials by their participation recognize and accept the possible dangers inherent to wakeboarding competitions, and shall sign a release to this effect before riding or officiating on site. Athletes shall submit proof of WWA insurance coverage before participation. The Tour accepts no liability for injury to Tour Athletes during the competition related functions, while traveling, or in any other capacity, official or otherwise, not mentioned herein. It is the responsibility of any Tour Athlete or official who discovers a potentially dangerous situation to immediately notify the Director of Operations, Chief Judge, or Tour Management.

In consideration of Participant, or the minor for whom the parent or guardian is signing, being allowed to participate in any way in PWT HOLDINGS, LLC (hereinafter known as PWT) athletics/sports program and related events and activities, Participant hereby, for himself/herself, his/her heirs, and successors and, if applicable, for the minor for whom a parent or guardian is signing does: (1) Agree that prior to participating, Participant will inspect the facilities and equipment to be used, including Participant's own equipment, and if Participant believes anything is unsafe, Participant will immediately advise his/her coach or supervisor and a contest official, in writing, of such condition(s) and refuse to participate; (2) Acknowledge and fully understand that each participant will be engaging in activities that involve risk of serious injury, including permanent disability and death, and severe social and economic losses which might result not only from Participant's own actions, inaction's or negligence, and also from the actions, inaction's or negligence of others, the rules of play, or the condition of the premises or of any equipment used. Further, that there may be other risks not known to BC or not reasonably foreseeable at this time; (3) Assume all the foregoing risks and accept personal responsibility for the damages following such injury, permanent disability or death; (4) Release, waive, discharge, covenant not to sue and agree to indemnify, hold harmless and defend BC, its affiliated clubs or other affiliated organizations, their respective administrators, directors, agents, coaches, and employees, other participants, sponsoring agencies, sponsors, advertisers, the nationals governing bodies of participating divisions, the contest officials and, if applicable, owners and leasees of premises used to conduct the event, all of which are hereinafter referred to as "releases", from any and all liability to Participant, his or her heirs, relatives and friends for any and all claims, demands, losses or damages on account of injury to person, including death or damage to property, caused or alleged to be caused in whole or in part by the negligence of the releases or otherwise; (5) authorize BC to seek, on Participant's behalf all reasonable medical and surgical care that might be necessary if Participant is unable to authorize such care himself/herself as a result of some injury;

New Sites - In the case of sites new to the Tour, whether they have hosted wakeboarding events or not, they shall be inspected by Tour Management well in advance of the scheduled competition. This shall be for the purposes of determining site layouts and special site preparations needed to reduce or eliminate any safety hazards. Tour reserves the right to make revisions at any time.

Safety Group - A Safety Group shall consist of the Chief Judge, PWT Head of Operations and PWT Management Representative. The Safety Group is responsible for making recommendations to the Tour to improve contest safety and to prevent situations that would endanger Athletes, officials, or spectators.

Fallen Riders - Because of the public nature of some sites, and for the safety of the Athlete, fallen riders shall utilize safety craft in lieu of swimming and/or walking ashore unless otherwise directed by Tour Representative.

Equipment

Handles, Non-Stretch Ropes, Wakeboards, & Helmets - Personal handles, ropes, &

wakeboards are the responsibility of the individual participants. Handles, ropes, & wakeboards are subject to checks by the officials/dock starter before riding. Helmets are required for wakeboarding if obstacles are used. A helmet (protective head gear) is defined as an article of apparel whose manufacture and use is solely for the purpose of protecting the head from injury. **If any athlete uses any obstacle without a helmet they will be disqualified from the tournament.**

Tour Supplied Bibs - Athletes are required to wear a Tour-supplied bib during media riding, qualifying, actual competition, and interviews. The bib will remain the property of the Tour until after the Finals, however it will remain in the Athlete's possession. **If an athlete is not wearing a bib or the wrong bib for that tournament while competing they can be disqualified or fined from the tournament.**

Riders must wear their assigned bibs; no borrowing or lending is authorized due to age restriction of some riders. Failure to abide may result in possible fine. If a bib is lost and another bib must be supplied, even for a temporary period of time, a twenty-five dollar (\$25.00) fee will be charged. No modifications of bibs or addition or deletion of lettering or logos on bibs are allowed, except as authorized by Tour Management. Bibs inadvertently damaged during the course of Tour riding will be replaced by the Tour at no cost. A bib becomes stained or damaged to the point, where it no longer looks presentable in the eyes of the Tour; the rider will be obligated to wear a replacement bib supplied by the Tour.

Tour Supplied Wristbands - Athletes are required to wear a Tour-supplied wristband at all times on site and Tour off site functions as needed. A wristband will be given to the athlete at each tournament to be used at that tournament only. If a wristband is lost and another wristband must be supplied to the athlete a ten-dollar \$10.00 fee will be charged to the athlete. No borrowing or sharing is authorized. Failure to abide may result in possible fine.

Competition

Identical Riding Conditions - Since wakeboarding is an outdoor sport, and since the Tour is designed to appeal to an audience as well as provide a competition, time-consuming measures to assure identical and/or ideal riding conditions will be at the sole discretion of the Chief Judge and/or Tour Management. Protests or re-ride requests will not be allowed if they are based on variations in conditions.

Severe Weather/ Rough Water Conditions - In the case of less than desirable water or weather conditions where the contest must continue, a "Severe Weather/ Rough Water" provision may be applied that round of that event. Decisions regarding "Severe Weather" shall be the responsibility of a committee composed of the Chief Judge, PWT Head of Operations, PWT Management, and only the affected Athletes. However, the Tour reserves the right to make the final decision. The "Severe Weather" provision applies not only to rough water per se, but also to any weather and water conditions that make riding significantly more difficult or may seriously affect performances.

The "Severe Weather" committee shall determine any modification to the riding specifications that may be needed in the interest of safety and providing a fair and attractive event. Such modifications may include but not limited to changes in boat speed, boat pattern, course length, and format. Once a round of an event has been so designated and riding has started, the "Severe Weather" designation shall apply to all Athletes in that round, even though conditions may improve. Ranking list points will be adjusted accordingly.

Termination of an Event/ Schedule changes - No event, exhibition, or media demonstration shall be started or continued when electrical storms are in the immediate vicinity. No competition event shall be started unless it is likely that it will be finished before sunset. This provision shall not apply for scheduled night contests, or for sites with adequate illumination.

Event Schedule:

PWT reserves the right to modify the schedule of events to make Pro finals the top priority. All changes will be made to serve the best interest of the event.

The Tour will put forth its best effort to complete each and every competition event and declare winners. At the sole discretion of the Tour and only as a last resort, rounds may be postponed or combined as necessary to complete events and establish winners.

The entry fee will be returned to the affected Athletes if no rounds of an event are held.

If the event cannot be completed Saturday then revert to bad weather rules and payout.

When an event has been terminated and providing at least one full round of that event was held, placements and Ranking List Points will be calculated. This shall not apply if an event was altered in such a manner as to create an unfair situation. Final decision is solely the discretion of Tour Management.

Reduced Prize Money Provision - The Tour reserves the right to reduce the cash awards in the case of a terminated or incomplete event. If the semi-final (or qualifying) round on an event was completed on Friday, but the final round cannot be completed on Saturday (therefore no webisode can be produced), competitors may be paid an amount equal to 1/2 of the regular prize money, based on their placement in the last completed round. If an event is entirely cancelled (meaning that not even the first rider left the dock) PWT reserves the right to cancel the event entirely and pay no prize money or reschedule the event at another time.

After that date no refunds will be granted.**

If an Athlete or official is unable to continue on the Tour, or becomes aware that he/she will not be able to attend certain future contests already qualified for or entered, he/she is required to notify the Director of Registration (for athlete) and Tour Management (for officials) immediately, but in any case no later than 5:00 PM EST on or before the posted due date of the tournament (as listed in rule 2.04) prior to the commencement of the contest.

AFTER COMPETITION BEGINS: If an Athlete is unable to compete due to an injury, after riding in the qualifying round and/or subsequent rounds of a Tour contest, his/her spot is left vacant. An Athlete who is unable to compete in a subsequent round shall receive Ranking List points and placement for the last place position of the round in which they are unable to compete. No replacement rider will be placed in that position in the next round.

WAKEBOARDING/WAKESURFING

Boat speed - Riders must inform the driver the speed he/she desires. It is the rider's responsibility to make this clear. The same rule applies when referring to what height and length the rope should be attached when applicable.

Rider Preparedness - The rider must be in his/her bindings, with a rope that will not interfere with the rider being ready to ride when the boat returns to the dock. Any rider who fails to be on immediate hand & in condition to ride when it is his/her turn in the running order as stated above **can be disqualified**.

Safety Equipment - All contestants shall wear a U.S. Coast Guard – Approved life jacket or a life jacket that will absolutely float a contestant who is unconscious. A “Wet Suit” life jacket shall have a locking device in addition to the zipper closure. A “Pull Over” or “Side Entry” life jacket shall have a locking device, zipper, or a drawstring. All contestants hitting any obstacles in the water must wear a helmet (protective head gear). A helmet is defined as an article of apparel whose manufacture and use is solely for the purpose of protecting the head from injury.

Communication to the Boat - Communication between the rider and the boat shall be conducted only through the boat judge or Tour appointed person. The rider shall use the standardized Tour signals and not cause the boat to stop, if possible. Deliberate use of delaying tactics will be considered unsportsmanlike conduct and will subject the rider to fines or disqualification. The following signals apply in addition to well-known riding signals. Use in combination as applicable

1. Thumb(s) up means go faster
2. Thumb (s) down means go slower
3. Pointing at an item of equipment means a problem with it
4. Pointing back toward object means debris in water
5. Raising hand overhead means request for reride
6. Fallen rider must motion to the towboat or safety team to come back to you if injured and/or in danger.

Rider's Equipment Failure - For any equipment failure, the rider has five (5) minutes to repair the equipment. The boat judge will call the Chief Judge for the clock to begin and he will count down to the boat judge the time. The Chief Judge will have the final say on if equipment has failed. Equipment can either be repaired on the boat or at the dock if needed. Time starts either when rider is on the back of the boat for an on-boat repair or when the rider steps on the dock for a dock repair. If the rider chooses to return to the dock he/she cannot repair the equipment until the rider is placed on the dock. If the rider starts repairing the equipment on the boat his/her time starts at that moment. The rider must be on the boat & repair completed before the time elapses or his/her ride is over. The athlete will resume the run at the same location they were picked up in the water. An equipment failure is counted as a fall.

When the rider realizes they have an equipment failure they can throw the handle. After the repair they will resume their run where they threw the handle. If an athlete falls and then discovers an equipment failure, they will resume the run at the location of the fall after the equipment failure has been remedied. If the rider falls and then gets back up and realizes their equipment is broken they have the chance to throw the handle without being charged with a fall. If the rider tries a maneuver and then realizes their board is broken they will be charged with a fall.

A rider can also wave off his run if he throws the handle before he/she enters the course before the first pass only if there is a problem such as the rope being on the wrong ring to fix it with no penalty. A wave off is not counted as a fall.

If the rider falls on the turnaround not attempting to advance his/her run, this will not count as a fall.

JUDGING AND SCORING CRITERIA: Pro Wakeboard and Pro Wakesurf

All Pros will be judged using the DRIVE system. Judges will be using an **Overall Impression** system to evaluate/ analyze the athlete's runs. Judges will be looking for the most versatile athlete by breaking it down into difficulty, risk, intensity, variety and execution.

Scoring:

There will be three judges. Each judge's score will be worth 33.3 percent of the overall score. The judge will give each athlete a score from 1 to 10. The three judges scores will be averaged together to come up with an overall score out of 100. There will be no predetermined values for placing. Each judge will analyze the athlete's runs based off of the DRIVE criteria and score them appropriately. Judges will be able to reward as well as penalize athletes according to the performance of their runs.

D	difficulty
R	risk in the run
I	intensity
V	variety
E	execution

Difficulty:

- Trick difficulty (Technical Difficulty) - This is simply defined as how difficult each trick is based on a number of variables. Spins, rolls or flips including spins, grabbing your board, handle passes and the way an athlete lands all subjectively define how difficult certain tricks are in comparison to others.
- Number of rotations
- Combos (combining tricks, adding spins, grabs etc)
- The direction an athlete spins in relation to the trick. Frontside or backside
- Switch vs. regular stance
- Frontside vs Backside stance
- Handle pass vs. landing wrapped
- Grabbed or not

Risk:

- Linking difficult tricks
- Trick difficulty in relation to the course.
- Risk - An athlete opening their run with a technically difficult trick would be considered high risk. Risk is also demonstrated by how an athlete performs their tricks and whether or not they display a sense of "putting it all on the line" in order to better their opponents.

Intensity:

- Judges look for how big or high the athlete is taking each of their tricks.
- How hard of tricks are put in the run

Variety:

- A variety of tricks performed in a pass is what judges are looking for in order to determine the most versatile athlete. A good pass should have tricks from all categories and be well rounded. This shows an athlete is skilled at all types of maneuvers and therefore showing variety in their performance.
- Were the tricks all based on the same trick?
- Were the grabs different?
- Did the rider spin multiple directions?

Execution:

- Completion of the Trick – This is essentially how the trick was performed and that the athlete was in control. Control and poise during a trick shows the athlete is confident in that trick and thus it is well executed. Control and completion of a trick also means that the athlete is performing a trick they intended to complete.
- The Landing – This is simply how clean the landing was of the trick. If the athlete butt checks, drags a hand, switches 180 to avoid falling, or looks out of control after they have landed this can negatively affect the execution category.
- Perfection - Judges are looking for how “clean” or how perfect EACH trick was performed in the passes. Judges look at the approach, the body position, rotation of the trick, the axis of the body, head position, handle position, clean grabs not slaps, speed to which the trick was performed. An athlete completing their routine without falling also demonstrates perfection.
- Flow- Flow is when an athlete can execute their tricks together to make them look like they connect smoothly from one to another.
- Interpretation - Did the athlete customize or adapt the move to make it original to their riding

General:

Creativity of course management and time is crucial in achieving a smooth, fluid, flowing run. Judges will only score tricks successfully completed.

Scoring:

Ties will be broken by placements. The first tie breaker will go to the rider with most first places. Second tie breaker will go to the rider with most second places and so on until the tie is broken.

Reviewing Scores:

1. There will be no protesting of scores.
2. If the rider has a question about the scores they may ask the Chief Judge.
3. The Chief Judge will then review the rider run sheet and score sheets to ensure there are no discrepancies between the judges. If the Chief Judge is satisfied with his review he will let the rider know his decision. If the chief judge finds a discrepancy on the judges score sheet he will meet with the judge immediately. The judge will make sure that the discrepancy is addressed on his sheet and he will re-evaluate his scores to make sure his scores and placements are correct. If the judge makes a change the chief judge will have the scorekeeper record the change and post new results. There may or may not be a change in placements after a judge changes his score.
4. If the chief judge evaluates the judge's sheets and is unsure of a judge's decision he will meet with the judge immediately and ask them to double-check their decision. If they are certain

on their decision the issue is over. The results are final. If the judge makes a change the chief judge will have the scorekeeper record the change and post new results. There may or may not be a change in placements after a judge changes his score.

5. The Chief Judge will make his best efforts to deliver a final decision in a timely manner. The Chief Judge has the final say in all decisions. No rider is allowed to approach the individual judges. Any rider found harassing judges or using profanity during discussions will be subject to the code of conduct and applicable fines.
6. If a rider would like to educate themselves for the future they may do so after the event is over. If the rider is present at the end of the competition the chief judge will make his best efforts to let the rider speak with the judges.
7. If a rider has an issue while on the water competing- The rider needs to communicate this to the judges in the boat ASAP. The boat judges will radio the Chief Judge to discuss the issue. The Chief Judge will take the proper steps to solve the issue. The rider must state the issue either prior to resuming his/her pass, or, prior to the next athlete beginning their pass.
8. All judges will make their best efforts to be at the Chief Judge's station immediately following the last event each day to answer questions. There may be situations when the judges are forced to leave the site before or right at the end of the event. Therefore the chief judge and remaining judges will be responsible for making the final decision.

Pro Wakeboard Format:

The format for qualifying, quarterfinals and semifinals will be a **ONE** run 2 fall traditional format unless otherwise stated. The rider is done after the second fall. Each run will consist of two passes. Each pass will consist of 4 tricks.

We will begin the two run no fall format in the Finals. In the 2 run format the rider will receive two runs in each heat. Each run will consist of two passes. Each pass will consist of 4 tricks. The single best score of your two runs will be used to calculate the results. Since you will have two opportunities to ride, a fall in either run signals the end of your run and the towboat will proceed to the dock to pick up the next rider. The rider will NOT be picked up by the tow boat after a fall. The pwc will pick up the rider and bring them back to the dock for their second run in the heat.

Regular Competition Format

Pro wakeboarding and wakesurfing shall be contested in multiple rounds.

Rounds can be altered at Tour discretion due to weather, number of entries, television or any other applicable situation as designated by the tour. Tour Management will determine the number or rounds at special events produced by PWT.

Running orders

Pro Division – PWT#1- 1st round of riding - seeding will be determined by; 1st the 2021 PWT Rankings, and 2nd will be from the 2022 qualifying round. Stop #2 forward in the current year will be seeded off the current Pro Tour Rankings, and 2nd the 2021 PWT Rankings

All riders must compete in the order of the posted running order. If a rider rides out of order his scores will not be counted.

Example of pattern of heats:

Heat #1: Seeds 6, 7, 18, 24, 25 (running order; you reverse seeds so higher seed go last)

Heat #2: Seeds 5, 8, 17, 23, 26 (running order; you reverse seeds so higher seed go last)

Heat #3: Seeds 4, 9, 16, 22, 27 (running order; you reverse seeds so higher seed go last)

Ties in the PWT Rankings - Due to the use of heats, there will most likely be ties in positions, the following tie breaker system will be used:

Tie Breaker for PWT Rankings:

- 1st 2022 PWT Rankings- The rider with the highest placement in the most recent event receives the higher placement.
 - 2nd 2021 PWT Rankings
- If the tie cannot be broken the tie will stay.

Series Championship - The season series championship for the Pro Tour will be determined by combining all points from all of the events in the individual series. In case of a tie for the top spot, here are the criteria to break the tie: The first tiebreaker is the rider who took home the most 1st place finishes. The second tiebreaker is the rider who has the most 2nd place finishes. The third tie breaker is the rider that finishes highest at the final tour stop.

PRIZE MONEY

Prize Money Breakdown - Prize Money breakdown is determined by Tour Management on an event to event basis.

Prize Money for Ties - When there are ties that are not settled by the above formulas, the money for the placements in question shall be combined and distributed equally rounded off to the nearest dollar. No extra prize money beyond the total amount specified shall be awarded.

Dispersing of Prize Money - Prize money will be paid directly to the appropriate rider only, except when a rider files a request with the Tour for his/her prize money to be paid into a trust fund, to a parent or guardian, or to a national federation, etc. No other person will be authorized to pick up prize money for another rider, unless previously authorized by that rider in writing.
